

Physical Therapy Aide

Physical therapy aides are any support personnel who perform designated tasks related to the operation of the physical therapy service. The activities of the aides do not require the clinical decision making of the physical therapist or the clinical solving problem of the physical therapist assistant.

Type of Employment

Part Time/Full Time

Skills & Qualifications

Theraplay is primarily focused on a manual approach to physical therapy treatment. The Physical Therapists and Physical Therapist Assistants will often utilize techniques throughout treatment which will require an aide to assist and guide patients.

The most important task as a physical therapy aide is to be available to assist therapist before, during and after treatments.

Familiarity with human anatomy is encouraged along with experience or interest in the health care profession. Strong communication skills required. We are looking for an enthusiastic and adaptable person to join our group of professionals striving to make a difference in the lives of people in our community.

Please send your resume to Krista at admin@theraplayspine.com or call for any clarification at (812) 332-7529.
